*\*The total amount of free items is calculated upon the duration of your cruise. Embarkation and disembarkation days both count as 1 full day. As soon as laundry is turned in, the number of items is deducted from your total amount of free items. In case of the amount of free items being exceeded with your next request for laundry, only the items with the lowest cost price will be charged. Afterwards, all items will be charged as sent to the laundry. The total number of free items refers to "washing & pressing", "washing only" and "pressing only" all together. All prices are VAT inclusive.*

*Our laundry experts will clean your garments according to the instructions on the label. If you wish your clothes to be cleaned differently, please write down the instructions on this form. Upon return of your apparels, claims can only be made onboard, within a maximum of 3 days after delivery. By completing this form, you automatically agree with the above terms and conditions*
